

Front Avola Data Sheet

Factsheet —

Materials: Fronts Lineo K778 Grooved look natural oak effect and Biella L350 fronts in Sand yellow satin combined with a worktop in K209 Pebble grey textured

Planning features: Curved Rondo units with sliding doors, front colour sand yellow, grooved look

Description

Small yet sleek is how this kitchen comes across. In smaller kitchens especially, storage space needs to be well organised and used optimally – the perfect solution is provided here by the curved Rondo units in the kitchen island. Thanks to the gentle curves, this smart, space-saving storage solution blends in elegantly. The light sand yellow fronts on the island are a perfect match for the grooved fronts in natural oak. The latter not only feel unique to the touch but also boast functional properties such as a high resistance to scratches and extreme temperatures.

Material description

Lineo | Grooved front, available in 2 colours

The extravagant grooved front Lineo is sure to attract attention. In natural oak and a dark finish, it can be combined in many ways and unites the natural wood look with the functional features of tried-and-tested Schüller fronts. In terms of its texture, this front impresses all round.

Front thickness: 19 mm

Biella | Satin lacquer Front, available in 28 colours

This water-based dual cure lacquer system with UV drying meets demands both in terms of ecology as well as durability and robustness. Thanks to the subtly textured matt surface, the front is easy to clean. Satin lacquer is available in a wide range of colours.

Social Media building blocks

Caption idea

Complete harmony! Warm yellow fronts combined with a subtle grooved look – two finishes that were made for each other.
